JOHN DUNCAN

A lifelong resident of Campbell, John Duncan, pricipal of Moorpark School since 1949, is well and favorably known in Campbell school, business and social circles.

Duncan is still interested in amateur radio and electronics, a carryover from early work for Radio Corporation of America at Bolinas, and from a former position as radio operator for United Fruit Company to Central America. He has been interested in radio since 1919 and has had a license to operate since 1922.

Duncan, present principal of Moorpark School, was a former principal of Shandon, Moreland, Galt, and Mount Eden Schools. He was graduated in 1934 from San Jose State, later attending Stanford University.

During World War II, Duncan was engaged in electronic work from 1945 to 1949, as a civilian employee of Army Signal Corps.

Born in Campbell, June 1907, the youngest of five children, Duncan received his early education in Campbell schools, and graduated from Campbell High School in 1925.

CHANGE MADE IN FREEWAY ROUTE WILL CORRECT POTENTIAL HAZARD AT HAMILTON AVENUE CROSSING

A new approach has been designed and planned by State Division of Highways for Route Five freeway at the Hamilton Avenue intersection, Nestor Barrett, City planning consultant informed the city council Monday night. The new design, Barrett said, will bring the new freeway under Hamilton Avenue, under the railroad, over the Los Gatos Creek where it crosses at El Patio, then over Campbell Avenue.

In the original plans Hamilton Avenue would have been elevated with the new highway crossing at grade level. This it is contended would have created a traffic hazard to children in that the originally proposed Hamilton Avenue ramp would have ended in front of Hamilton School.

Barrett said new plans call for a complete cloverleaf interchange at the Hamilton Avenue intersection with all entrances to the new highway on the right.

Highway construction changes were revealed at a recent conference with state highway officials at which Barrett, Mayor Richard W. Morton, and city engineer Mark E. Thomas were present.

In other council action, it was decided, after a lengthy discussion with senior officer Robert J. Locke, to invite sealed bids for an Oldsmobile "88" to replace the present police car. Officials decided on exact specifications for the new vehicle, and set Tuesday, October 13th as the date when bids are to be called.

Campbell auxiliary police officer Jerry Collins was hired by the city as a crossing guard at the Winchester Avenue intersection during the noon hour on school days, following a request from Campbell High School superintendent Laurance J. Hill, that such a guard was needed at the intersection.

California Autumn

Clara Beebe Baldwin

Dogwood flaunts her crimson banners,
Goldenrod is turning brown
Nature calling from the hilltops,
Luring folk away from town.

Squirrels a-chattering in the pine trees,
Gathering store, 'gainst winter's need
Quails a-piping-birds a-feasting
Berries ripe and golden seed.

Colors riot in the woodland,
Crimson set in emerald green,
Gorgeous robes of brown and orange
Catch the changing light and sheen.

Tang of frost in sparkling mornings,
Warmth of golden Autumn days,
Crystal clear upon the uplands,
O'er the valleys, lilac haze.

Breeze a-murmuring in the treetops,
Purr of tiny brooks and rills;
God was smiling when he made them;
Gorgeous California Hills!

In our time

The pace of medical progress during the past seventy years is unequaled in all previous history. In fact, medical advance has been greater during the past five decades than in the preceding 5,000 years of recorded history. A diagnosis of typhoid fever, diphtheria, diabetes, anemia, and many other diseases no longer sounds a toll of death. Your physician has at hand a multitude of proved therapeutic agents which mean longer and happier life for all. Twentieth-century pharmaceuticals, many of which are extremely delicate in composition, require expert care in storing, compounding, and dispensing. That is the work for which we are prepared. C's and D's Split With Capuchino 42-21 — 28-35

Last Thursday afternoon the 10's and 20's opened their casaba season by splitting a double header to Capuchino High at Capuchino.. The 10's were snowed under by a 28 to 35 count while the 20's finished out on top of a 42 to 21 score. High point man for the 10's was Harvey Takaha with nine points followed by Mickey Filing with eight points, while high man for the game was Wildens of Capuchino.

Lack of experience seemed to be Capuchino's downfall as the more experienced 20's of Campbell swept the backboards through-out the fray. At the half our 20's led 23 to 15 after that they left their opponents far behind to win 42 to 21. According to Coach Robinson both squads should do very well this season.

Following is the summary of the game:

20's	Pos.	10's
Sakamoto (6)	F	(9) Takaha
Bogony (7)	F	(0) Flag
Uyeda (2)	C	(8) Filing
Klassen (6)	G	(6) Kanemoto
Vossler (5)	G	(2) Sanfilippo

Other boys scoring for the tens were: Don Kitivima 3, and Conrad 6.

For the Twenties: Vince Portera 10, Mat Muslidon 2, Jim Judd 2, Charles Villarreal 1, and Bill Osbern 1.

$200 Per Year For Grade School Per Pupil In California

Two hundred dollars paid for the education of a child in the average Bay Area Elementary school for the 1951-52 school year, the last year for which data is available, according to a survey released today by the San Francisco Bay Area Council.

As the grade level rose so did the cost The expenditure for a student in the average Bay Area high school was $325 for the year, for a junior college student, $450.

Public schools in the Bay Area spent $118,087,824 during the 1951-52 year for teacher, administrative and maintenance staff salaries, books, supplies, transportation, food, etc. Capital outlay for new buildings is not included in this total.

More students attended public schools in the nine counties than were enrolled in the schools of any of 21 states; the average daily attendance for the year was 425,292.

The Council's survey shows that a considerable variation existed between counties in the cost at each grade level. In the elementary schools, Solano county had the lowes expenditure per pupil for the year, $186, while Marin had the highest, $222. High school expenditures per student showed greater variation, ranging from Napa county's low of $267 to Marin's $418. Marin county showed the lowest cost per junior college student, $246 for the year, compared to Contra Costa's high of $587.

Most of the large cities in the Bay Area have unified school districts, embracing all grade levels. San Francisco's public schools, including the Junior College, spent $356 for each student during the year. In the unified districts which include kindergarten to the 12th grade, South San Francisco had the lowest expenditure per student, $206, Pittsburgh, the highest, $295.

CAMPBELL HI-LITES

with Bob Olson

Campbell High School has twenty four new faculty members this school year, thirteen men and eleven women. They make up an interesting group, well worth knowing. And so, from time to time this semester, we'll take time out to introduce them to you. We begin this week with three men with three traits in common: (1) They are all family men, interested in their homes, yards, and children; (2) They are all hard workers, full of great ideas for the classroom and the ability to gain results with them; and (3) They are all equally enthusiastic about Campbell High, finding it a "tremendous place to work" and its teachers and students "a pleasure to work with."

Perhaps the most harassed new teacher in school is Mr. Kenneth Cline of the business department, who has set up an office in the upstairs typing room teaching business machines and typing. It is to Cline we go if the mimeochine breaks down, if the mimeagraph starts spraying fluid around, or whenever we want more than a few carbon copies we consider important enough to warrant duplicating. And this can be a most trying job, especially when it comes in addition to introducing 150 neophytes to the intricacies of the business office; it takes almost as much patience as it does correction fluid, and it is fraught with as many possibilities for error as there are in one of his beginning typists. But, fortunately, our Mr. Cline isn't easily frustrated and he has many other interests besides the graphotype or the multigraph (which incidentally, runs off 1800 school papers a week—another of his jobs). His wife, for example, who is in the process of moving their family into a new home amid the prune orchards of Fox Creek Heights. A music major and former teacher herself, at present she is gaining more education from San Jose State as well as from her husband at home. His twenty-three month old daughter is also a delight to Mr. Cline, especially now that she's able to spout so many interesting words and phrases. Perhaps it is significant that while many children start out with a comparatively easy word like "Mama" the youngest Cline is renouned for having first learned "Gregg", which just happens to be the name of a famous shorthand system.

For hobbies, Mr. Cline turns to photography, wood-working, and looking at what football there is on TV of a Saturday afternoon. He teaches Sundays too and is quite enthusiastic about church school work. Having graduated from the San Jose State College Business Department in 1950, Mr. Cline was a classmate of Mrs. Wright, another of our typing teachers, when she was still Miss Zemer. He says he has never been happier since joining our staff and finds that "Campbell high ts modern, well-equipped, and certainly keeping pace with all the current teaching and business methods. Its students are eager to learn and easy-to-get-along-with; Everyone here is so congenial and genuinely helpful." We're sure that the fortunate students now receiving their on-the-job training in the maintenance and operation of business machines will benefit as much from this teacher's personal philosophies as they will from his wealth of experience.

Another happy CUHS family man is Mr. John Runcie who teaches Life Science for us. He goes home at night to three little Runcies waiting for him in his Fenley Avenue home in San Jose. Marily, eight, is a cute little trick in the third grade at Cypress School, "Jo", five is just starting kindergarten, and Bruce, three, is the "Dennis the Menace" type delighting in giving his older brother and sister (not to mention his parents) a run for their money. One of the sophomore advisors, Mr. Runcie is impressed with the wide range of extra-curricular activities Campbell High offers its students: "There's something for everybody here; perhaps that's why our pupils are studious in the classroom; certainly there are enough out-of-class activities in which they can let off their steam!"

If Mr. Runcie ever backs you into the corner it's not to sell, coerce, or inveigle, but merely to tell you of the wonders of College of Pacific and its football team. According to him, "We beat Stanford, and we're gonig to beat San Jose State." Yes, but what about Washington State? Besides such prognosticating, Mr. R's hobbies are playing two finger piano, hiking, his children, and his garden.

Campbell High's band will make its first appearance of the year this Friday afternoon between halves of the Castlemont game under the direction of its new leader, Mr. Richard Gordon. He owns a little piece of a beautiful home on Jane Ann Way here in Campbell and all of three little notes that Gordons have named Laura, Ken, and Max. Mrs. Gordon drives the station wagon which brings the blind children to school. In his work with the school band and orchestra as well as intermediate and beginning instrumentalists, Mr. Gordon finds Campbell students a "courteous and happy gang with a strong sense of school pride." Dick has his finger in several musical pies playing in the Santa Clara County Symphonette as well as directing the Campbell Methodist Church Choir. Two of his present students, Bill Kaufmann and Karen Blum are following in his footsteps and already are members of the San Jose Symphony.

Mr. Gordon's hobbies include his home, woodworking, tennis, swimming, and reading. We've noticed that one of his greatest talents lies in his ability to remember peoples' names. Once he hears a new one, he never forgets it. Since most of us would rather hear the sound of our own name (correctly pronounced) more than almost anything else, no wonder everybody likes Dick Gordon!

First Baptist Church To Hold Rally Day

Leaders of the Sunday School announced that they have challenged another church to an attendance contest. The name of the church will not be told until their answer is received but it is known that it is a much older church and at present boasts a larger Sunday School.

The contest is expected to start October 11 and will continue for six weeks. During that time Quito Sunday School hopes to double or triple their enrollment.

The convention this year will open with Vesper Services on Sunday afternoon and close the following Thursday after a business session at which policy resolutions will be passed. Monday and Tuesday will be given over to commodity department and group meetings, with general sessions on Wednesday and Thursday. Two highlights of all Farm Bureau conventions, the organization breakfast and the annual bonquet, will be held on Wednesday.

This year's list of outstanding speakers includes United States Senator Thomas H. Kuchel, Assistant Secretary of Agriculture John H. Davis, American Farm Bureau Legislative Counsel Frank Woolley, Assistant Secretary of the Interior Fred G. Aandahl, Mrs. Charles DeShazo, chairman of the Associated Women of the American Farm Bureau Federation, and Charles Butler, AFBF research assistant in land and water use.

President George H. SPARTANS DOWN TWO IN A ROW; NEW MEN TO START AT FRESNO

SAN JOSE, Sept. 30—Coach Bob Bronzan promised a wholesale shakeup in his San Jose lineup after the Spartans barely squeaked through to a 28-25 decision over Brigham Young Friday night

As the Spartans prepare to meet Fresno State Saturday night at Fresno, Bronzan has installed six new men on the starting line, only two of them lettermen.

A heavy dose of scrimmage was ordered during the week and the Golden Raiders' first team included these new starters: Charles Hardy, and Clarence Wessman, ends; Jack Biglen and Jack Crawford, tackles; Ed Mayer, guard, and Jerry Ruse, center. Only Biglen and Mayer are lettermen. The other starter, as of Monday, was Guard Stan Galas.

The backfield will remain intact with Quarterback Larry Rice, Halfback Larry Matthews and Fullback Joe Ulm. The running of this crew, plus the ball handling and spot passing of Rice enabled the Spartans to come from behind to defeat a scrappy BYU team, 28-25.

Ulm rambled for 103 yeards and four touchdowns, Walker ripped off 109 and Matthews, 96 yards. Rice completed only two passes but both were in the crucial march for the final touchdown.

The Spartans gained 331 yards on the ground, but gained most of it in long but quick marches for three scores.

Ulm is still the leading Spartan ball carrier with a two-game total 271 yeards and an 8.0 average per try. Walker has averaged 11.3 yards a carry with 135 yards Matthews, 10.1 with a total of 131 yards.

Following are Fullback Jerry Taylor, 63 yards and a 10.5 average, Sam Dawson, 41 and 6.8; Rice, 23 and 1.8; Benny Pierce, 17 and 5.7; Gene Goldberg, 11 and 5.5; and Dick O'Neill, 7 and 7.0. In all the Spartans have averaged 355 yards per game and 7.6 per carry on the ground.

Mr. and Mrs. Charles Bradley, of 50 Foote Street, had their one-month vacation trip to Chicago cut short this week. The Bradleys were at Evansville, Indiana, on the way to Chicago, when they received word that Mr. Bradley's brother, G. L. Bradley of Santa Cruz, was critically ill. They had to do a quick about face, but figured it was worth it if their presence at the sick man's bedside could do any good.

LETTERS TO THE EDITOR

Opinions expressed in this department do not necessarily reflect the editorial policy of this newspaper.

Editor, the Campbell Press

As voluntary workers (solicitors) in this Community Chest Drive, we came upon a few people who declined to give anything, contending that there are high-salaried paid officials, (some even gave the amount of $25,000 a year is paid to some officials) in this organization.

In the first place, does all the money raised in this Campbell area remain in the area where it is raised? We do not raise near that amount, so how can we pay anyone even half that amount.

Another question is who gets the milk, etc., as our children have to pay for it?

Could you please answer these questions in your paper. Also how we organize? Does any money go anywhere else except to the needy of our town? These questions were asked at a meeting and are so ridiculous they were just laughed at, as we are all voluntary workers giving our time and money to this worthy cause free and gratis. I would appreciate it if you would not use my name, but perhaps give an answer that would clear up misunderstandings.

(Editor's note: In reply to the preceding request for information, the following has been prepared:)

There are no paid employees of the Campbell Community Chest. Some Community Chests use ten percent of the money donated to pay hired help, but all time, effort and various skills used in the Campbell drive are given free of charge by civic minded people. Only chest money used in the Campbell drive is for incidental office supplies, such as mimeograph paper, pencils, ink, and such incidentals.

Money collected in the Campbell area is sent to headquarters of organizations which benefit. It is then distributed by that organization as needed. For example, Family Service Association, one of the benefitting agencies of Campbell area Community Chest, will be alloted $1750 from the 1953 Chest fund. If a situation arises in the Campbell area during the next year, calling for legal service or consultation, or any service offered by the visiting nurses association, the money is provided by the San Jose headquarters of Visiting Nurses' Association.

Campbell Milk Fund will be allotted $1800 from 1953 Community Chest Fund contributions. Milk is provided every school day during the morning classes. Parents are asked to pay for the milk if they can afford it. Some children do not bring money for milk. The school nurse investigates the family. If the child is from a needy family, the school provides the milk. The school is reimbursed from the Community Chest Milk Fund. Fund is distributed as follows: Union, $300; Moreland, $300; Campbell *Grammar* Schools, $900; Cambrian, $300.

Campbell Community Chest Board of Directors is composed of two representatives of every recognized organization in the Campbell area. E. F. Tablak, representing Family Service, is president. Gertrude Jones, representing Campbell Business and Professional Women, is secretary-treasurer. Bob Free, representing the Campbell Girl Scouts, is vice-president.

Hundreds of other Campbell area residents volunteer services to help conduct the yearly drive, such as outlined by the writer of the foregoing letter.

Salable articles may be taken to the Scarpace home in the Monte Linda tract, at 11831 Southwood Drive, on Oct. 26th and Oct. 27th.

Villa Montalvo Activities

By Ted Rosenfeld

Professor Paul Rolland, violinist, of the University of Illinois School of Music faculty, Urban, Ill. and class mate of the famous cellist, Gabor Rejte, when students in Europe, was an overnight guest at Villa Montalvo recently.

Charles O'Connor, famous Irish harpists, visited Montalvo, recently, and, in the gallery, sang many of his own folksong compositions self-accompanied on his beautiful gold and green Irish harp which he brought with him.

Last week Mrs. Lee Thayer, of Berkeley, author of 54 mystery novels, on the occasion of a visit, became outspoken with praise over the serenity and beauty of Villa Montalvo. Mrs. Thayer, who is applying for residence next summer, at V. M. was accompanied by Miss Mary Kingsley of Berkeley and Mrs. F. N. Evans of Sacramento.

Mr. and Mrs. Eustice, of Berkeley, came to V. M. to see Miss Ellen Atkins pottery exhibit, which closed last Sunday after a month's showing.

Two students from Villa Montalvo classes won first place in their respectiv efields of art at the recent Santa Clara Fair. They are: Dorothy Davenport, a member of Mr. George Harris' painting class, one in oils (conservative) and Eileen Van Damm of Dr. Arturo Fallico's class in sculpture.

Both of those classes are functioning at V. A. this Fall; the painting class on Thursday afternoon and the sculpture classes in session all day Thursdays.

In addition to the above Dr. Herbert Sanders' classes in ceramics will begin operating during the first week of October. At the present, due to hearty response, classes are formulating for Tuesdays and Thursdays between 9:00 A. M. and 12:00 noon. However, if there is sufficient demand, according to Mrs. Robert Davies, a Saturday class may be organized.

Those interested should contact Mrs .Davies by phone at either Elgato 4-3725 or Elgato 4-3184.

This column would like to express its appreciation for the hearty response and assistance it is receiving in presenting items of interest in this convenient way to the people, and cordially invites items of interest, either active or historical, relating to Villa Montalvo, to be submitted as contributions to this column. Address material to writer at Saratoga Clef House, Saratoga, California or phone UNion 7-3721.

An original poem by Yours Truly entitled—

A SALVO FOR MONTALVO
Ted Rosenfeld

Reposing midse lovely Saratoga hills
One can find panacea for his ills.
In the opportunities afforded for self-expression
Resistance is developed to human depression.

Through the kind beneficence of a James D. Phelan
Wholesome activity seems perpetually areel'n.
Midst building and grounds of esthetic taste
Culture advances with easel and paste.

There musicians, painters, writers and actors
Delve into self-improving factors
In their carefully chosen fields of endeavor
And demonstrated talents in which they are clever.

NEW COURSES OFFERED IN ADULT CLASSES

Campbell Union High School Adult Education Program, now underway here offers three new courses this year that are rapidly reaching peak enrollment, officials said yesterday.

Les Landin conducts a class which includes organization of singing groups, story telling and special events. A new course in art metal is planned under the direction of Frank Meiss, which will include wrought iron furniture making, copper, and brass sheet metal work, such as planters, signs, mail boxes, weather vanes, welding, soldering and brazing and other related arts. A third course of interest to area residents includes training in standard First Aid, held Monday evenings at the local high school from 7:30 to 9:30 p. m.

Youth leaders, bus drivers and others in semi-public activities are urged to learn first aid and every family should have a knowledge of what to do in case of accident. Civil defense authorities encourage First aid training for everyone.

In Landin's class, arts, crafts, hobbies and dramatics will be well covered with sources and reference material for this type of youth work being illustrated by demonstration groups.

Special emphasis throughout the entire course will be on Folk singing and how it leads into and combines with the above subjects. Landin says this should be of great help in developing Campfire programs, song fests and leading group singing.

Landin had one of the most popular groups in the summer music program during the past summer as part of the Campbell Recreation activities. He is a teacher in the Saratoga School district and has a fine background of recreational work as well as his musical ability.

He has recently signed up to do a similar type of program to appear weekly over a TV network originating in San Francisco.

The cost of this class is $1.00 for the 12 weeks in the Fall quarter. It will meet in Room 84, Music Building, Campbell Union Hgh School, Tuesday evenings from 7:30 p. m. to 9:30 p. m.

Health Group To Meet In San Jose

Santa Clara County Tuberculosis Association board and committee members are receiving invitations to attend a meeting at association headquarters, 211 Balback, San Jose, Tuesday evening, October 13 at 7:45 P. M. Mrs. Dalrie Lichtenstiger, executive secretary, California Tuberculosis and Health Association in San Francisco, will be featured speaker.

San Jose Seal Sale chairman, Bob Lindsay, will preside. Other chairmen who will attend are: Mrs. Margaret Westwater, Gilroy; Mrs. G. F. Bacon, Santa Clara; Gene Tarbell, Los Altos; Irval Carter, Mt. View; Roy Gammon, Morgan Hill; Charles Ricketts, Los Gatos; Mrs. Andrew Lassen, Campbell.

In scheduling the meeting, Mr. Joe Garner, association's president, announced that the 47th annual Christmas Seal Sale which supports the programs of more than 3000 local tuberculosis associations throughout the nation, will get undeyway on Monday, November 16. 95,000 letters containing the colorful seals will be mailed in Santa Clara county.

Proceeds from the Christmas Seal Sale during the past 10 years in this area have paid for 200,000 chest X-rays. 16,746 of this number, it was reported, were workers in 85 area industries. Important goal of the Tuberculosis association's program is to search for unsuspected persons in the community who are sick with TB and don't know it. To speed accomplishment of this goal, TB association has established programs of X-raying of patients admitted to hospitals where 10 times as many persons with unsuspected TB are found than are found on the outside. Two such programs already undertaken are at County hospital and San Jose Community Hospital where plans are nearing completion. Association aims to further these programs for all hospitals of the county.

A CAPELLA CHOIR PLAN ACTIVE YEAR

"This year's Choir promises to be one of the best," boasts director Mr. Frank Triena. Enrollment now is about the highest in the Choir's history, consisting of over seventy fine voices.

Rehearsals have started for future appearances, the first to be in the "Campbell Caravan" on October 23 and 24. Numbers to be presented at that time include "Give Me Your Tired—Your Poor," arranged by Fred Waring, and Jester Hariston's arrangement of "Poor Man Lazarus". The Choir is working on many fine songs, including Christmas songs and carols for the annual San Jose Christmas Festival.

In the past Campbell High's Choir has taken part in various festivals and State contests, where it has been rated among the best. This year enthusiasm and morale is high and the Choir is very eager to continue, if not better, the tradition or high standard performance.

Our fine Choir is much in demand for appearances at Civic clubs, meetings, school assemblies, etc.

On October 14, the Choir is going on its annual excursion to the San Francisco Opera House to see the "Barber of Seville."

This year, as in the past, the Choir will wear the traditional blue robes, the first appearance to be with silver stoles.

Mrs. J. G. Atkinson and children, Carol and Johnny, just returned from a week's trip to Southern Calif.
